

a selecting circuit [for] selecting, in accordance with the type of input video signals, either the R, G, and B signals in which contour adjustment is performed or the Y signal, in which contour adjustment is performed, and the Pr signal and the Pb signal, in which contour adjustment is not performed.

### Remarks

In view of the amendments above, Applicant respectfully submits that all of the pending claims are in condition for allowance and seeks an early allowance thereof. If for any reason, the Examiner is unable to allow the application in the next Office Action and believes that a telephone interview would be helpful to resolve any remaining issues, he is respectfully requested to contact the undersigned attorneys.

Respectfully submitted,

---
